¹ All expenses are based on the average cost to attend these programs. Both on and off-campus housing and food expenses are estimated to be the same, on average. Students living with parents are assumed to incur the same food expenses but lower housing expenses than those living on or off campus. Students with special circumstances should discuss them with their university counselor.

² "General" is for anything not listed in other categories.

³ Some programs from this area of interest have different fees that are already listed under "General."

⁴ The accelerated Bachelor of Science in Nursing (ABS^N) program has a flat \$850 per credit charge for tuition and fees. On average, students take 16 credits per term; therefore, the rate listed is for the cost for 16 credits per term. The cost has been divided into separate tuition and fee categories for comparison to other programs. Additionally, the ABS^N budget is based on living off campus or living with parents. ABS^N students wishing to live on campus will incur the same Other Fees as all other programs.
